## Report of Independent Auditor

To the Honorable County Mayor and  
Board of County Commissioners of  
Orange County, Florida:

### Report on the Financial Statements

We have audited the accompanying basic financial statements of the Orange County Convention Center of Orange County, Florida (the "Center") as of and for the years ended September 30, 2015 and 2014, and the related notes to the financial statements, as listed in the table of contents.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Opinion*

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Orange County Convention Center of Orange County, Florida as of September 30, 2015 and 2014, and the changes in its financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Emphasis of Matters***

As discussed in Note O to the basic financial statements, the Center implemented the provisions of Governmental Accounting Standards Board ("GASB") Statement No. 68, *Accounting and Financial Reporting for Pensions – an Amendment of GASB Statement No. 27*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an Amendment of GASB Statement No. 68*, effective October 1, 2013. Our opinion is not modified with respect to this matter.

As discussed in Note A to the financial statements, the financial statements referred to above present only the Center and do not purport to, and do not, present fairly the financial position of Orange County, Florida, as of September 30, 2015 and 2014, and the changes in its financial position and its cash flows, where applicable, for the years then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

### ***Other Matters***

Our audit was conducted for the purpose of forming an opinion on the basic financial statements. The Schedule of Budgeted Revenues and Expenses Compared to Actual, Schedule of Bonded Debt and Interest, and General Debt Covenants are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The Schedule of Budgeted Revenues and Expenses Compared to Actual and Schedule of Bonded Debt and Interest have been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Budgeted Revenues and Expenses Compared to Actual and Schedule of Bonded Debt and Interest are fairly stated in all material respects in relation to the basic financial statements as a whole. The General Debt Covenants has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

### ***Other Reporting Required by Government Auditing Standards***

As discussed in Note A, the Center is administered by the Orange County, Florida Board of County Commissioners, for which, in accordance with *Government Auditing Standards*, a report is issued which includes our consideration of the Center's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Center's internal control over financial reporting and compliance.

**A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Organization and Purpose:

The Orange County Convention Center (the Center) is owned and operated by the Orange County Board of County Commissioners, Orange County, Florida, an elected body (the Board). The Center serves as a multi-purpose facility designed for conventions, trade shows, exhibits, and other community activities. The Orange County Comptroller, an elected official, provides the accounting and financial reporting functions for the Center. The Center is accounted for as an enterprise fund of the Board.

The Center was formally dedicated and opened on February 26, 1983. The Phase II expansion was opened in January 1989. The Center opened the Phase III expansion in January 1996 and the Phase IV expansion in July 1996, completing the facility currently known as the West Complex. The construction of the North-South Complex (the Phase V expansion project) was completed in September 2003. Land has been purchased for future expansion of the Center.

Basis of Presentation:

The Center uses the enterprise fund concept of accounting. Enterprise funds account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that expenses of services provided to customers, as well as depreciation, amortization, and interest, be recovered primarily through user charges.

Basis of Accounting:

The financial statements have been prepared on an accrual basis. Revenues are recognized when earned and expenses are recognized when incurred. In addition, the financial statements are prepared in conformity with accounting principles generally accepted in the United States of America.

Budgetary Data:

Florida Statutes require the Board to adopt an annual budget for the Center on an accrual basis. Revenues and expenses are budgeted on a basis consistent with generally accepted accounting principles except that pension liability adjustment expense, depreciation, amortization, and gains/losses on the disposal of assets are not budgeted, capitalized net interest costs on funds borrowed to finance the construction of capital assets are budgeted as interest income and interest expense, capital outlays are budgeted as expense, and debt proceeds and principal payments are respectively budgeted as revenue and expense. Beginning net position and expense reserves are also included in the adopted budget. Encumbrance accounting, under which purchase orders are recorded as a reservation of available budget, is practiced during the year. At year end, outstanding encumbrances lapse and are not presented in the financial statements.

**A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued**

The annual budget is subject to amendment during the year. The County Administrator is authorized to approve transfers of appropriations between individual expense accounts. The Board, by motion, may approve transfers of appropriations between a reserve account and an expense account. The Board, by resolution recorded in the minutes, may add to the overall appropriations of the Center due to a financing source unanticipated when the original budget was adopted or due to increased revenues above the level contemplated in the original budget. Amendments to overall appropriations for any other reasons also require a public hearing prior to adoption. During the 2015 fiscal year, the budget was increased by \$214 million, due to the issuance of bonds in May and an increase for Tourist Development Tax revenues. There were no amendments during the 2014 fiscal year that were extraordinary or unusual in cause or effect.

Cash and Cash Equivalents and Investments:

The Center's cash and cash equivalents consist of cash on hand, demand and time deposits, and highly liquid investments (including restricted assets) with a maturity of 90 days or less when purchased. With the exception of cash and investment balances held for debt service requirements, the Center's cash balances are pooled with other funds of Orange County (County) for investment purposes. The County investment pool allows all participating funds the ability to deposit and withdraw cash daily as needed, and therefore all balances representing participants' equity in the investments pool are classified as cash equivalents for purposes of these statements. Earnings from the pooled investments are allocated to the Center based on cash participation in the pool. All investments are stated at fair value. Investment fair values are based on quoted market prices, except for bankers' acceptances and commercial paper, which are based on accreted value. Mutual funds, which are SEC 2a-7 investment pools, are stated at share price which is substantially the same as fair value.

Accounts Receivable and Revenue Recognition:

Convention service revenues are recognized when earned, with an allowance for accounts considered to be uncollectible.

Restricted Assets:

The use of certain Center assets is restricted by specific provisions of bond indentures and agreements with various parties. Assets so designated are identified as restricted assets on the statement of net position. It is the Center's policy to first apply restricted assets when an expense is incurred for purposes for which both restricted and unrestricted net position is available. Restricted assets are classified as noncurrent if they are for acquisition or construction of capital assets, for liquidation of long-term debts, or are for other than current operations.

Note Receivable:

On January 30, 2007, the Board entered into an agreement with Hilton-OCCC Hotel to provide a no interest loan in the amount of \$2.2 million to Hilton-OCCC Hotel for the construction of an above-ground pedestrian access facility. The agreement provided for \$1.1 million to be drawn upon issuance of a building permit for the access facility, with the remaining \$1.1 million to be drawn upon substantial completion of the facility. Hilton-OCCC Hotel began repayment of the note upon commencement of operations. The entire amount was to be repaid over a period not to exceed six years from the date of issuance of the Certificate of Occupancy for the Hilton-OCCC Hotel on August 25, 2009. During Fiscal Year 2015, the amount outstanding at September 30, 2014, \$0.79 million, was completely repaid.

Capital Assets:

Capital assets are stated at cost when purchased or constructed, or at fair market value when donated to the Center. The Center capitalizes expenditures for additions and improvements. The thresholds for capitalization of assets range from \$500 to \$25,000, depending on the asset class. Expenses for maintenance and repairs are charged to operations. Projects under construction are retained in Construction in Progress and are transferred into Buildings and Improvements when placed in service. Provisions for depreciation are made using the straight-line method, based upon the following estimated useful lives of the assets:

Buildings	5-50 years
Improvements other than buildings	5-75 years
Machinery and equipment	3-15 years

In Fiscal Year 2000, the Board entered into an agreement with Orlando Utilities Commission (OUC) which called for ownership of certain chilled water air cooling equipment to be transferred from the Center to OUC. In return, OUC is providing reduced rates for electric service for 20 years. The Center records these rights as intangible capital assets to be amortized over the 20-year life of the agreement.

In October 2008, the Center and the Board's Environmental Protection Division developed a project in partnership with the State of Florida and OUC that resulted in Central Florida's first large-scale solar energy photovoltaic system (the Project). The roof of Phase V of the Center provided a unique opportunity for a photovoltaic system of this size. The Center provided approximately \$4.3 million to the Project for the exclusive right to receive all the electricity generated by the Project at no cost. The Board holds all right, title, and interest in the Project facilities. The Center records this right as an intangible capital asset, which is amortized over the 30-year anticipated life of the Project.

**A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued**

Deferred Outflows and Inflows of Resources:

The Center presents amounts charged on the refunding of debt as a deferred outflow and amortizes these amounts over the life of the debt. The System presents amounts related to pensions as deferred outflows of resources and deferred inflows of resources.

Accounts Payable and Accrued Liabilities:

Current liabilities reported as accounts payable and accrued liabilities were comprised of the following components at September 30:

	2015	2014
Due to vendors and other agencies	\$ 14,799,654	\$ 19,658,269
Salaries and benefits payable	2,995,199	2,856,237
	\$ 17,794,853	\$ 22,514,506

Unearned Revenue/Forfeited Deposits:

As the Center enters into contracts for rental of space for future events, certain amounts are collected in advance in order to secure the facility on the specified dates. These amounts are reported as unearned revenue until the event occurs, at which time operating revenue is recognized. If the lessee cancels the event, and the Center is unable to re-let the space, the amounts collected in advance are retained by the Center, and recognized as forfeited deposit revenue.

Obligation for Bond Arbitrage Rebate:

Pursuant to Section 148(f) of the U.S. Internal Revenue Code, the Center must rebate to the United States Government the excess of interest earned from the investment of certain debt proceeds and pledged revenues over the yield rate of the applicable debt. Arbitrage rebate, if any, is due and payable on each five-year anniversary of the respective debt issue. As of September 30, 2015 and 2014, the Center had no outstanding arbitrage liability.

Compensated Absences:

The Center accrues a liability, with a corresponding charge to current operations, for employees' rights to receive compensation for future absences to be subsequently taken or paid at point of employment termination in accordance with GASB Statement No. 16. The liability for compensated absences was \$2,881,687 and \$2,730,806 at September 30, 2015 and 2014, respectively. Of these amounts, \$1,665,610 and \$1,667,440, respectively, is expected to be paid out within one year and thus is included in current liabilities; the remainder is reported as noncurrent. The current portion is based on the average annual amount of leave paid over the preceding three years.

Operating and Nonoperating Revenues:

The Center reports as operating revenues all charges for services generated through rental of the facility, including hall and room rentals, fees for support services associated with events, and commissions from vendors. Other revenues, including tourist development taxes and interest revenue, are classified as nonoperating.

Capitalization of Interest:

In accordance with GASB Statement No. 62, the Center capitalizes net interest costs on funds used to finance the construction of capital assets. The amount of net interest cost capitalized was \$2,647,226 and \$1,672,229 for the fiscal years ended September 30, 2015 and 2014, respectively.

The total interest cost for the Center was \$35,060,040 and \$37,495,087 for the fiscal years ended September 30, 2015 and 2014, respectively.

Bond Amortization Costs:

Bond premium and discount are being amortized over the life of the debt using the interest method. Also, in accordance with GASB Statement No. 23, the difference between the reacquisition price and the net carrying amount of defeased debt in refunding transactions is being amortized over the shorter of the life of the old debt or the life of the new debt using the interest method. Amortization of bond premium and discount and the deferred amount on refunding which are not capitalized are recorded as components of interest expense. Amortization of these bond costs for the fiscal years ended September 30, 2015 and 2014 was as follows:

	<u>2015</u>	<u>2014</u>
Net amortization of bond discount (premium)	\$ (4,415,360)	\$ (3,999,475)
Amortization of deferred amounts on refundings	4,863,041	4,518,317

New Accounting Pronouncements:

Effective October 1, 2013, the Center adopted the provisions of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68*. Implementation of these statements resulted in a restatement of beginning net position, the reporting of the Center's net pension liability, and the reporting of related deferred outflows of resources and deferred inflows of resources.

**B. DEPOSIT AND INVESTMENT RISK**

As of September 30, 2015 and 2014, the carrying value of the Center's deposits and investments, with their respective Standard & Poor's and Moody's Investors Service credit ratings, was as follows:

<u>Investment Type</u>	<u>2015</u>	<u>2014</u>	<u>Credit Rating</u>
Demand and time deposits	\$ 1,859,984	\$ 15,276,793	NA

Total	<u>\$ 248,966,170</u>	<u>\$ 264,067,355</u>	

The Center deposits all cash and investments, with the exception of balances for debt service requirements, in the County's investment pool portfolio. Funds required to be provided for debt service are maintained by the Center separately from the pooled investments. Investment balances by type, included in the County's investment pool, are presented above based on the Center's proportionate share of the investment pool portfolio.

Credit Risk:

The Board's Investment Policy (Policy) limits credit risk by restricting authorized investments to the following: obligations issued or explicitly guaranteed by the U.S. Government (Treasuries), obligations of certain U.S. Government-sponsored Federal instrumentalities (Instrumentalities), direct obligations of states and municipalities, repurchase agreements comprised of Treasuries or Instrumentalities, Florida PRIME administered by the Florida State

Board of Administration, commercial paper, bankers' acceptances, bank certificates of deposit or savings accounts, and money market mutual funds (Money Markets). The Policy requires that investments in Instrumentality debt be guaranteed by the full faith and credit of the U. S. Government-sponsored agency, and that investments in Money Markets have a Standard & Poor's rating of AAAm or AAAG. Eligible Money Markets are limited to those comprised of Treasuries.

**B. DEPOSIT AND INVESTMENT RISK, Continued**

Concentration of Credit Risk:

Except for Treasuries, the Policy establishes limitations on portfolio composition for all permitted investments, both by investment type and by issuer, in order to control concentration of credit risk. The Policy, which pertains to the overall investment pool portfolio of the Board and is not monitored at the individual fund level, provides that a maximum of 45% of the portfolio may be invested in any of four specified Instrumentalities, with a limit of 15% of the portfolio invested in any one issuer; and that a maximum of 25% of the portfolio may be invested in Money Markets, with a limit of 10% of the portfolio invested in any one issuer. At September 30, 2015, the Center's portion of the Board investment pool portfolio was invested in three authorized Instrumentalities, each of which represented less than five percent of the pool portfolio.

Custodial Credit Risk:

The Policy requires that bank demand and time deposits be secured as provided by Chapter 280, Florida Statutes. This law requires local governments to deposit funds only in financial institutions designated as qualified public depositories by the Chief Financial Officer of the State of Florida. At September 30, 2015 and 2014, all of the Center's bank deposits were in qualified public depositories.

The Policy requires execution of a third-party custodial safekeeping agreement for all purchased securities, and requires that securities be held in the Board's name. As of September 30, 2015 and 2014, all of the Center's investments were held in a bank's trust department in the Board's name.

Interest Rate Risk:

For all investment types, the Policy limits the investment of current operating funds to 13 months. To increase returns and provide diversity, the Policy also provides for the investment of noncurrent (beyond 13 months) operating funds in investments with maturities no longer than 60 months. Noncurrent operating funds are invested in the intermediate term portfolio with a maximum maturity of 36 months, and the noncurrent operating portfolio with a maximum maturity of 60 months. Construction funds and debt service reserve funds may be invested for up to 10 years, subject to debt covenant restrictions and liquidity needs.

The Center's investments had weighted average maturities of 19.4 months and 20.4 months at September 30, 2015 and 2014, respectively. The portfolio did not contain any callable securities at September 30, 2015 and 2014. The Money Markets have a weighted average maturity of not more than 60 days.

The total principal and interest remaining to be paid on all outstanding series of bonds was \$998,106,457 and \$1,114,539,522 as of September 30, 2015 and 2014, respectively. Principal and interest paid or defeased was \$251,157,754 and \$70,615,839, and total pledged revenue was \$186,145,916 and \$165,664,784, respectively, for the fiscal years ended September 30, 2015 and 2014.

All series of Tourist Development Tax revenues bonds outstanding are payable on a parity basis solely from all available tourist development taxes, net operating revenues of the Center, investment earnings, pledged fifth cent tax proceeds, naming rights revenues, and moneys held in certain accounts established by the Bond Indenture. The Bond Indenture specifies the order of priority in which revenues (Tourist Development Tax Revenues, Pledged Fifth Cent Tax Proceeds, Operating Revenues, and Naming Rights Revenues) are to be deposited into these accounts. The purposes of the various accounts, in order of priority of monthly revenue transfers, are as follows (priorities established with regard to junior lien debt are omitted):

Tourist Development Tax Revenues (first four cents of levy):

Operating Revenue Account - Deposit an amount sufficient to cover an emergency payment, formally determined by the Board, required because of a temporary shortage of Gross Operating Revenues and needed for the payment of Priority Expenses of Operation, Maintenance and Promotion.

Principal and Interest Accounts - Deposit an amount on or before the 15th day of each month, together with amounts from the Pledged Fifth Cent Tax Fund, sufficient to satisfy the monthly debt service requirement for the bonds.

Bond Reserve Account - Deposit an amount sufficient to assure that the total of cash on deposit plus the amount available under the surety bond is not less than the maximum annual debt service requirement of \$69,753,494.

Rebate Account - Deposit an amount required to pay the rebate requirement on account of the bonds to the U.S. Treasury as required by applicable law.

Operating Revenue Account - Deposit an amount sufficient to remedy any deficiencies and to provide a 30-day operating reserve for operation, maintenance, and promotion expenses of the Center.

**F. REVENUE BONDS PAYABLE, Continued**

Renewal and Replacement Reserve Account - All pledged revenues remaining in the Enterprise Fund shall be deposited in the Renewal and Replacement Reserve Account for the purpose of: first, to remedy any deficiency in the Principal and Interest Accounts; second, to remedy any deficiency in the Bond Reserve Account; third, to pay expenses of operation, maintenance and promotion due to an insufficiency in the Operating Revenue Account; fourth, to repay any Supplemental Revenues with interest, so supplied; and fifth, to make such other payments as are designated in the Tourist Development Plan or otherwise approved by the Board.

Pledged Fifth Cent Tax Proceeds:

All pledged fifth cent Tourist Development Tax revenues shall be paid into the Pledged Fifth Cent Tax Fund, and shall be applied as follows: first, to the Principal and Interest Accounts to provide for the monthly debt service requirement for the bonds; second, to provide any requirement for principal or interest payment on the bonds prior to making such payment from the Bond Reserve Account; third, to remedy any deficiency in the Bond Reserve Account; and fourth, for any other lawful purpose.

Operating Revenues:

All gross operating revenues will be deposited into the Operating Revenue Account and will be applied as follows: first, to payment of Priority Expenses of Operation, Maintenance and Promotion; and second, to payment of any other budgeted expenses of the Center's operation. All remaining moneys will be applied as follows: first, to payment of monthly bond interest and principal requirements, if needed; second, to any required payment into the Bond Reserve Account; and third, for any other lawful purpose.

Naming Rights Revenues:

Moneys received from the sale of the right to name all or a portion of the Center shall be paid into the Naming Rights Revenue Account, to be applied as follows: first, to pay Priority Expenses of Operation, Maintenance and Promotion, if needed; second, to satisfy the monthly principal and interest debt service requirement; third, to remedy any deficiency in the Bond Reserve Account; and fourth, any moneys remaining shall be transferred to the Board's general fund.

**G. RETIREMENT SYSTEMS**

Florida Retirement System:

General Information - All of the Center's employees participate in the Florida Retirement System (FRS). As provided by Chapters 121 and 112, Florida Statutes, the FRS provides two cost sharing, multiple employer defined benefit plans administered by the Florida Department of Management Services, Division of Retirement, including the FRS Pension Plan ("Pension Plan") and the Retiree Health Insurance Subsidy ("HIS Plan"). Under Section 121.4501, Florida Statutes, the FRS also provides a defined contribution plan ("Investment Plan") alternative to the FRS Pension Plan, which is administered by the State Board of Administration ("SBA"). As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university, community college, or a participating city or special district within the State of Florida. The FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 121, Florida Statutes, and Chapter 60S, Florida Administrative Code. Amendments to the law can be made only by an act of the Florida State Legislature.

The State of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. The latest available report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315-9000, or from the Web site: [www.dms.myflorida.com/workforce\\_operations/retirement/publications](http://www.dms.myflorida.com/workforce_operations/retirement/publications).

**Pension Plan**

Plan Description – The Pension Plan is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program ("DROP") for eligible employees.

Benefits Provided - Benefits under the Pension Plan are computed on the basis of age, average final compensation, and service credit. For Pension Plan members enrolled before July 1, 2011, Regular class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service. Vested members with less than 30 years of service may retire before age 62 and receive reduced retirement benefits. Special Risk Administrative Support class members who retire at or after age 55 with at least six years of credited service or 25 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service. Special Risk class members (sworn

law enforcement officers, firefighters, and correctional officers) who retire at or after age 55 with at least six years of credited service, or with 25 years of service regardless of age, are entitled to a retirement benefit payable monthly for life, equal to 3.0% of their final average compensation based on the five highest years of salary for each year of credited service. Senior Management Service class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 2.0% of their final average compensation based on the five highest years of salary for each year of credited service. Elected Officers' class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 3.0% (3.33% for judges and justices) of their final average compensation based on the five highest years of salary for each year of credited service.

For Plan members enrolled on or after July 1, 2011, the vesting requirement is extended to eight years of credited service for all these members and increasing normal retirement to age 65 or 33 years of service regardless of age for Regular, Senior Management Service, and Elected Officers' class members, and to age 60 or 30 years of service regardless of age for Special Risk and Special Risk Administrative Support class members. Also, the final average compensation for all these members will be based on the eight highest years of salary.

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the Pension Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is three percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of three percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by three percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

In addition to the above benefits, the DROP program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with a FRS employer for a period not to exceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest. There are no required contributions by DROP participants.

Contributions – Effective July 1, 2011, all enrolled members of the FRS, other than DROP participants, are required to contribute three percent of their salary to the FRS. In addition to member contributions, governmental employers are required to make contributions to the FRS based on state-wide contribution rates established by the Florida Legislature. These rates are updated as of July 1 of each year. The employer contribution rates by job class for the periods from October 1, 2014 through June 30, 2015 and from July 1, 2015 through September 30,

2015, respectively, were as follows: Regular--7.37% and 7.26%; Special Risk Administrative Support--42.07% and 32.95%; Special Risk--19.82% and 22.04%; Senior Management Service--21.14% and 21.43%; Elected Officers'--43.24% and 42.27%; and DROP participants--12.28% and 12.88%. These employer contribution rates include 1.26% and 1.66% HIS Plan subsidy for the periods October 1, 2014 through June 30, 2015 and from July 1, 2015 through September 30, 2015, respectively.

The Center's contributions to the Pension Plan totaled \$1,143,784 and \$977,718 for the fiscal years ended September 30, 2015 and 2014, respectively.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – The Center reported a liability of \$5,953,742 and \$2,728,312 for its proportionate share of the Board's Pension Plan's net pension liability as of September 30, 2015 and 2014, respectively. The net pension liability for each fiscal year was measured as of June 30, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation in each year as of July 1. The Center's proportionate share of the net pension liability was based on the Center's fiscal year contributions relative to the same fiscal year contributions of all participating members of the Board. At September 30, 2015, the Center's share was 3.41%, which was an increase of 0.11% percent from its proportionate share of 3.30% measured as of September 30, 2014.

Actuarial Assumptions – The total pension liability in the July 1, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60%
Salary increases	3.25%, average, including inflation
Investment rate of return	7.65%, net of pension plan investment expense, including inflation

Mortality rates were based on the Generational RP-2000 with Projection Scale BB tables.

The actuarial assumptions used in the July 1, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2008 through June 30, 2013.

The long-term expected rate of return on Pension Plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation (1)</u>	<u>Annual Arithmetic Return</u>	<u>Compound Annual (Geometric) Return</u>	<u>Standard Deviation</u>

Discount Rate - The discount rate used to measure the total pension liability was 7.65%. The Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculation of the total pension liability is equal to the long-term expected rate of return.

Sensitivity of the Center's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following represents the Center's proportionate share of the net pension liability calculated using the discount rate of 7.65%, as well as what the Center's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.65%) or one percentage point higher (8.65%) than the current rate:

	1% Decrease (6.65%)	Current Discount Rate (7.65%)	1% Increase (8.65%)
Center's proportionate share of the net pension liability at September 30, 2015	\$ 15,427,492	\$ 5,953,742	\$ (1,929,974)
Center's proportionate share of the net pension liability at September 30, 2014	\$ 11,669,354	\$ 2,728,312	\$ (4,708,928)

Pension Plan Fiduciary Net Position - Detailed information regarding the Pension Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

Payables to the Pension Plan - At September 30, 2015 and 2014, the Center reported de minimis amounts payable for outstanding contributions to the Pension Plan.

**HIS Plan**

Plan Description – The HIS Plan is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided – For the fiscal year ended September 30, 2015, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month. To be eligible to receive these benefits, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions – The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2015, the HIS contribution for the period October 1, 2014 through June 30, 2015 and from July 1, 2015 through September 30, 2015 was 1.26% and 1.66%, respectively. The Center contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or cancelled.

The Center's contributions to the HIS Plan totaled \$241,196 and \$206,369 for the fiscal years ended September 30, 2015 and 2014, respectively.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – The Center reported a liability of \$5,933,179 and \$5,150,558 for its proportionate share of the Board's HIS Plan's net pension liability as of September 30, 2015 and 2014, respectively. The net pension liability for each fiscal year was measured as of June 30, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation in each year as of July 1. The Center's proportionate share of the net pension liability was based on the Center's fiscal year contributions relative to the same fiscal year contributions of all participating members of the Board. At September 30, 2015, the Center's proportionate share was 5.24%, which was an increase of 0.24% from its proportionate share of 5.00% measured as of September 30, 2014.

For the fiscal years ended September 30, 2015 and 2014, the Center recognized pension expense of \$448,836 and \$367,479, respectively. In addition, the Center reported deferred outflows of resources related to pensions from the following sources:

Actuarial Assumptions – The total pension liability in the July 1, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60%
Salary increases	3.25%, average, including inflation
Municipal bond rate	3.80%

Mortality rates were based on the Generational RP-2000 with Projection Scale BB tables.

The actuarial assumptions used in the July 1, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2008 through June 30, 2013.

Discount Rate - The discount rate used to measure the total pension liability was 3.80%. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Sensitivity of the Center's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following represents the Center's proportionate share of the net pension liability calculated using the discount rate of 3.80%, as well as what the Center's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (2.80%) or one percentage point higher (4.80%) than the current rate:

	1% Decrease (2.80%)	Current Discount Rate (3.80%)	1% Increase (4.80%)

HIS Plan Fiduciary Net Position - Detailed information regarding the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

Payables to the HIS Plan - At September 30, 2015 and 2014, the Center reported de minimis amounts payable for outstanding contributions to the HIS Plan.

**Investment Plan**

The SBA administers the defined contribution plan officially titled the FRS Investment Plan. The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. Center employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the Pension Plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.04 percent of payroll and by forfeited benefits of plan members. Allocations to the investment member's accounts during the 2014-15 fiscal year, as established by Section 121.72, Florida Statutes, are based on a percentage of gross compensation, by class, as follows: Regular class--6.30%, Special Risk Administrative Support class--7.95%, Special Risk class--14.00%, Senior Management Service class--7.67% and County Elected Officers class--11.34%.

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the Pension Plan is transferred to the Investment Plan, the member must have the years of service required for Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee

returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended September 30, 2015, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the Center.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The Center's Investment Plan pension expense totaled \$205,486 and \$186,396 for the fiscal years ended September 30, 2015 and 2014, respectively.

**H. OTHER POSTEMPLOYMENT BENEFIT (OPEB) PLAN**

In addition to the pension benefits described in Note G, the Center offers an OPEB Plan that subsidizes the cost of health care for its retirees and eligible dependents. The OPEB Plan is reported in accordance with GASB Statement No's. 43 and 45. Employees of the Center with at least 10 years of combined service under the Center and/or any other Board department or any of five county officers (County Comptroller, Property Appraiser, Sheriff, Supervisor of Elections, Tax Collector) who retire and immediately begin receiving benefits from the Florida Retirement System (FRS) are eligible to receive a monthly benefit of three dollars per year of service up to a maximum of \$90 per month. If combined service is at least 20 years and receipt of FRS benefits is deferred to a later date, the monthly benefit may be vested for commencement at such deferral date. Additionally, employees of the Center who retire and immediately begin receiving benefits from the FRS have the option of continuing in the Board's health insurance plan at the same group rate as for active employees.

The Board has established the Orange County Retiree Health Care Benefit Trust (Trust) for the Board and the five county officers noted above and engages an actuarial firm to determine each participant's actuarially determined annual OPEB Cost (AOC) and unfunded obligation. Through its ownership of the Center, the Board's total AOC payment to the Trust includes an allocated contribution from the Center. For Fiscal Year 2015, the Center's AOC payment was \$219,682, representing 1.20% of the Center's covered payroll amount of \$18,346,086. For Fiscal Year 2014, the Center's AOC payment was \$227,086, representing 1.34% of the Center's covered payroll amount of \$16,973,684. A full presentation of the Trust and OPEB Plan assets, liabilities, funding status, and actuarial methods and assumptions is included in the Orange County, Florida Comprehensive Annual Financial Report.

**I. INSURANCE COVERAGE**

The Board maintains a self-insurance program that provides for coverage of substantially all risks. Various excess catastrophe insurance policies with commercial carriers are also in force for claims exceeding the amount chargeable against the loss fund. The Center participated in the self-insurance program during Fiscal Years 2015 and 2014 at an annual cost of \$3,297,910 and \$3,125,090, respectively. There have been no claim settlements in excess of insurance coverage during the three fiscal years ended September 30, 2015.

Additionally, the Board maintains a self-insured plan for employee medical benefits in which the Center participates. The self-insurance plan covers all regular employees and certain retirees and former employees of the Board and their eligible dependents. The plan covers claims up to \$700,000 per individual per year. The Board has purchased an insurance policy to cover claims in excess of this amount, up to an additional \$2 million per individual per year. In accordance with the Affordable Care Act, the lifetime maximum for a covered individual is unlimited.

**J. TOURIST DEVELOPMENT TAX REVENUE**

Pursuant to Section 125.0104, Florida Statutes, the County's Ordinance No. 78-7 enacted on March 16, 1978, as amended, and a referendum approved by the voters of the County, the Board levied the Tourist Development Tax effective May 1, 1978. The Tourist Development Tax was initially imposed at the rate of two percent of total rent paid for lease of any living quarters located in the County for a term of six months or less. Effective June 1, 1986, the Board increased the rate of the Tourist Development Tax to three percent, and effective October 1, 1989, the Board increased the rate to four percent. Pursuant to the original ordinance and bond covenants, the tax proceeds are applied as described in Note F.

On December 13, 1994, the Board authorized the levy of an additional one percent of Tourist Development Tax effective February 1, 1995. Per Section 125.0104(3), Florida Statutes, the fifth cent was, at the time of levy by the Board, restricted for the purposes of the construction, reconstruction, or renovation of a professional sports franchise facility. The permitted purposes have since been broadened in the statute, and during Fiscal Year 2000, the Board adopted the Second Amended and Restated Indenture of Trust that, among other things, included the fifth cent tax revenues in the pledged revenues securing all Tourist Development Tax Revenue Bonds.

On July 18, 2006, the Board approved the levy of an additional one percent of Tourist Development Tax effective September 1, 2006, bringing the total levy to six percent. Section 125.0104(3), Florida Statutes, authorizes the levy of the additional one percent tax, the sixth cent, to fund certain purposes including debt service on bonds issued to finance the construction of, or reconstruction or renovation of, facilities for certain professional sports franchises, and the promotion of tourism. The sixth cent tax revenues are not pledged to the payment of any of the outstanding Tourist Development Tax revenue bonds. The Board fully dedicated the use of the sixth cent tax revenues for purposes of tourism promotion and a community events facility further described in Note L.

**J. TOURIST DEVELOPMENT TAX REVENUE, Continued**

The tax is currently collected and administered by the Orange County Comptroller in accordance with an ordinance adopted by the Board.

**K. HOTEL SURCHARGE REVENUE**

Pursuant to an agreement dated June 12, 1979, between the Board and Orlando Central Park, Inc., three hotel sites adjacent to the Center carried the requirement that any hotel built upon those sites is obligated to pay a revenue surcharge to the Center. The surcharge amount, restricted in its use to the Convention Center site, was set at one percent of the hotel's gross rental revenues and was payable quarterly. All three of the designated sites were developed as hotels, and they remitted the surcharge to the Center on a quarterly basis through the end of the agreement on December 27, 2009. As of September 30, 2015 and 2014, the balance of unspent hotel surcharge revenue was \$8,964,501 and \$11,230,392, respectively.

**L. PAYMENTS TO OTHER AGENCIES**

The Board has committed to contribute \$8,050,000 per year plus one-half of one cent of the Tourist Development Tax levy to the Orlando/Orange County Convention and Visitors Bureau, Inc., doing business as Visit Orlando (Visit Orlando), a not-for-profit corporation that is dedicated to promotion of local community tourist activities and facilities. Also, the Board has committed to pay Visit Orlando a portion of the sixth cent Tourist Development Tax from inception of its levy. On October 22, 2013, the Board committed an additional \$5.5 million per year to Visit Orlando for five fiscal years, beginning in Fiscal Year 2014.

For the 2015 and 2014 fiscal years, the total contributions to Visit Orlando were \$48,367,192 and \$43,207,142, respectively. In addition, the Board contributed \$474,609 and \$606,925 in Fiscal Years 2015 and 2014, respectively, to other agencies for purposes of promoting tourism in Orange County in connection with various events.

On August 6, 2007, an Interlocal Agreement between the Board, the City of Orlando (City), and the City of Orlando Community Redevelopment Agency received final approval. The primary purpose of the Agreement is to contribute certain Tourist Development Tax proceeds to the City for a portion of the financing needed for renovation of the Florida Citrus Bowl Stadium and construction of a new Performing Arts Center and new Events Center. Based on specified criteria, a calculated portion of the first four cents levy of Tourist Development Taxes will be paid once each fiscal year to the City for the Citrus Bowl and Performing Arts Center projects from prior year actual tax proceeds, and a portion of sixth cent tax revenues will be paid on a monthly basis to the City for the Events Center project, designated to replace the Amway Arena. These payments are scheduled to be made for the earlier of 30 years or until associated debt of up to \$540 million issued by the City is defeased or redeemed in full. For Fiscal Years 2015 and 2014, the monthly sixth cent tax revenue payments to the City totaled \$21,645,481 and \$19,509,542 respectively, and the annual

payments totaled \$38,545,845 and \$20,837,158, respectively. The Fiscal Year 2015 annual payment is due to the City in January 2016 and is reflected as a current liability in the financial statements.

On July 16, 2012, the Second Amendment to the Agreement was approved requiring the County to set aside \$12,500,000 in a reserve account to replenish draws made from City reserves, as necessary, to support the renovations to the Citrus Bowl. This amount is shown in the financial statements of the Center as due from other governmental agencies.

On October 22, 2013, the Third Amendment to the Agreement was approved requiring additional contributions of certain Tourist Development Tax proceeds to the City for financing of the Performing Arts Center and the Citrus Bowl, and for financing a portion of a Major League Soccer Stadium. The additional amount to be financed due to this amendment is anticipated to be \$57 million. Of that, \$20 million was committed to the Soccer Stadium. On May 29, 2015, the Orlando City Soccer Club announced that it has decided to privately fund the entire cost of the Soccer Stadium. This commitment was thus placed on hold.

In 2002, the County created the Arts & Cultural Tourism Fund, a special revenue fund for the purpose of supporting tourism-related arts and cultural events and facilities. The specified revenue for this fund was transferred annually from a three percent portion of the first four cents of the Tourist Development Tax receipts. Beginning in Fiscal Year 2011, the County combined the Arts and Cultural Tourism Fund with the Convention Center Fund. For the 2015 and 2014 fiscal years, the total contributions to arts and cultural agencies were \$2,849,548 and \$3,624,352, respectively.

**M. COMMITMENTS AND CONTINGENCIES**

Outstanding commitments under operating and construction contracts for the Center total approximately \$9.4 million and \$48.3 million at September 30, 2015 and 2014, respectively.

The Center is a party in various lawsuits and other claims incidental to the ordinary course of its operation, some of which are covered by the Board's self-insurance program. While the results of litigation cannot be predicted with certainty, management believes the final outcome of such litigation will not have a material adverse effect on the Center's financial position.

**N. TRANSFERS OUT**

Beginning in Fiscal Year 2006, the Board authorized annual transfers to the General Fund for reimbursing the operation and maintenance expenses of the Orange County Regional History Center, up to an annual maximum funding amount initially set at \$2,500,000, and subject to annual approval by the Board. Transfers of \$1,836,767 and \$2,134,822, respectively, were made in Fiscal Years 2015 and 2014 for this purpose.

**O. RESTATEMENT**

As described in Note G, the Center participates in the Florida Retirement System. In accordance with the implementation of GASB Statements No. 68 and No. 71, the Center is required to report its proportionate share of the net pension liabilities and related pension amounts of the defined benefit pension plans in which it participates. The net position of the Center was adjusted downward by \$12,117,215 and \$11,872,475 as of October 1, 2013 and September 30, 2014, respectively. Accordingly, the September 30, 2014 financial statements and notes have been restated to include \$7,878,870 in net pension liability, \$1,045,670 in deferred outflows, \$5,039,275 in deferred inflows and a \$244,740 reduction of expense.
