RESOLUTION

of the

ORANGE COUNTY BOARD OF COUNTY COMMISSIONERS

Regarding

CERTAIN SERVICES FEES CHARGED BY THE ORANGE
COUNTY PUBLIC WORKS DEPARTMENT

Resolution No. 2006- M-45

WHEREAS, the Public Works Department has charged fees for various services rendered to the public since 1977; and

WHEREAS, the last significant revision to the schedule of fees charged by the Public Works Department was in 1990; and

WHEREAS, a study and analysis of the service activities of the Public Works department was recently completed and found that the existing fee schedule were insufficient to cover the actual cost of such services thereby resulting in a subsidization of such services in the approximate annual amount of \$900,000; and

WHEREAS, such study recommended certain adjustments and the addition of certain new fees to the existing fee schedule in order to establish pricing that provides for growth to pay for itself, eliminates the subsidization of such growth by county tax payers and equitably charges users of the services provided by the Public Works Department ; and

WHEREAS, the County's Office of Management and Budget recommends that the attached revised schedule of fees for the services of the Development Engineering Division, the Traffic Engineering Division and the Stormwater Management Division be approved by the Board as to services rendered or for which application is made on or after October 1, 2006.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ORANGE COUNTY:

Section 1. The Board of County Commissioners of Orange County hereby approves the schedule of fees attached hereto as "Exhibit A" and thereby amends certain existing fees and establishes certain new fees in the Development Engineering, Traffic Engineering and Stormwater Management Divisions of the Public Works Department, with such amendments and new fees to become effective as to services rendered or for which application is made on or after October 1, 2006. The Board further determines that such fees shall be adjusted annually, effective October 1 of each year, with such fees to be adjusted at a rate consistent with the consumer price index or 3%, whichever is less.

Section 2. This Resolution shall take effect immediately, however the rates

established hereby shall take effect on October 1, 2006.

ADOPTED THIS 8TH DAY OF AUGUST, 2006.

ORANGE COUNTY, FLORIDA
