RESOLUTION
of the
ORANGE COUNTY BOARD OF COUNTY COMMISSIONERS
Regarding
**CERTAIN SERVICES FEES CHARGED BY THE ORANGE
COUNTY ENVIRONMENTAL PROTECTION DIVISION**

Resolution No. 2010- M-24

WHEREAS, the Board of County Commissioners has authority by law to enact and, from time to time, amend fees charged by the various departments of the Orange County Government for various services rendered to the public; and

WHEREAS, Orange County can legally charge a fee for such services that captures the reasonable cost associated with administrative, personal services, operating, capital, and overhead to provide that service; and

WHEREAS, certain departments have conducted studies to determine reasonable costs, and certain fees should be changed as a result of said studies; and

WHEREAS, such studies recommended the modification of certain fees in order to establish pricing that covers the costs of providing services, or reduces the subsidization of certain services by county taxpayers; and

WHEREAS, pursuant to Section 403.7225(12), Florida Statutes, the Florida Legislature specifically recognizes the expense incurred by county governments in properly identifying and notifying small quantity generators of hazardous waste within their jurisdiction and authorizes a small quantity generator notification and verification surcharge of up to Fifty and No/100 Dollars (\$50.00) on the business or occupational license, or renewal thereof, of any firm that is classified as a potential small quantity generator of hazardous waste; and

WHEREAS, on June 19, 2001 the Board of County Commissioners of Orange County, Florida (Board), initially approved Resolution 2001-M-22 which was amended on December 19, 2006 (Resolution 2006-M-73) providing for payment of expenses incurred by county government in the proper identification and notification of small quantity generators of hazardous waste by imposing a small quantity generator notification and verification surcharge and the County entered into an agreement with the Tax Collector to collect the surcharge at the time of issuance of the annual local business tax receipt; and

WHEREAS, the Orange County Environmental Protection Division now recommends and the Board concurs that the surcharge should be increased to the maximum allowable limit so

as to capture reasonable costs associated with the cost of administering the Small Quantity Generator Program; and

WHEREAS, the Board now seeks to amend Resolution 2006-M-73 to increase the small quantity generator notification and verification surcharge to Fifty dollars (\$50.00) which is the maximum amount allowable under the state law; and

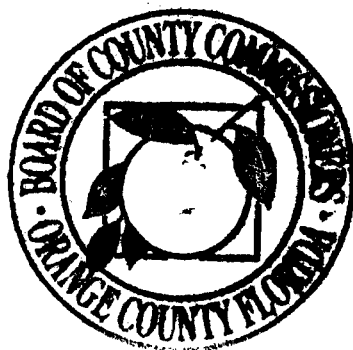

WHEREAS, the County's Office of Management and Budget recommends that the Board approve the revisions to the schedule of fees as to services rendered or for which application is made on or after October 1, 2010;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ORANGE COUNTY:

Section 1. The Board of County Commissioners of Orange County hereby approves the schedule of fees attached hereto as "Exhibit A" and thereby amends the existing fee schedule and establishes new fees to become effective as to services rendered or for which application is made on or after October 1, 2010. The Board further determines that such fees may be adjusted annually, as permitted by state law, at a rate consistent with the consumer price index or 3%, whichever is less.

Section 2. This Resolution shall take effect immediately; the rates established hereby shall take effect on October 11, 2010.

ADOPTED THIS ___ DAY OF MAY 11 2010, 2010.

ORANGE COUNTY, FLORIDA
