

RESOLUTION # 82-M-10

WHEREAS, the intersection of Interstate 4 and County Road 535 is a part of the state road system and

WHEREAS, the State of Florida, Department of Transportation has responsibility for operation and maintenance of said interchange and

WHEREAS, recent traffic studies conducted by both engineers for developers and also the Orange County Traffic Engineering Department indicates that the interchange is presently operating at a level of Service E which is substantially less than a desirable level of service and

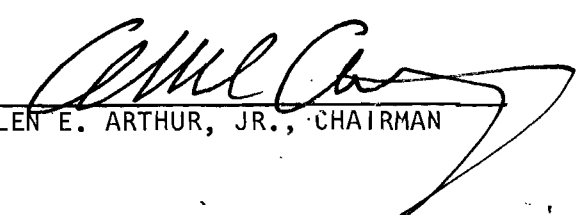

WHEREAS, Orange County has received requests for approval of additional development in the unincorporated area surrounding this interchange which will contribute substantial additional traffic to this interchange further compounding the problem.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ORANGE COUNTY THAT:

1. The Department of Transportation of the State of Florida be requested to immediately undertake a comprehensive study to determine the needed improvements to provide adequate capacity for existing and projected traffic volumes at this interchange.
2. Adequate funds be furnished by the Department of Transportation to implement the needed improvements as soon as possible.

DULY ADOPTED in regular session this 4th day of May, 1982.
