Dear Mr. Massaro,

I live on Pine Sap Court. This is a dead end street which feeds into Millinockett. There are 28 homes on our street and 29 children ranging in age from 3 months to 16 years. I have a growing concern about the speed with which cars travel this street.

I would like the speed limit on this street to be reduced and posted because as it stands now it poses a serious threat to the children that live on this street. I, therefore, am requesting a reduction of the speed limit and a posting of the new speed limit and the posting of a slow children playing sign.

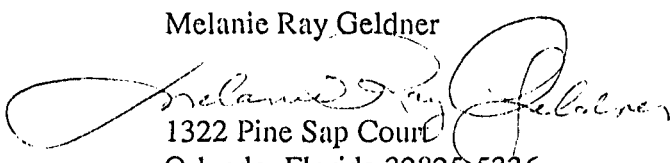

I personally cannot foresee any negative aspects to having a speed limit of 15 m.p.h. (or as low as possible) for this street as it is not a thru street and the majority of the traffic is composed of residents and their guests.

Attached you will find signatures of the residents on Pine Sap who also request this posted change of the speed limit.

Thank you for your time and consideration.

Respectfully,

Melanie Ray Geldner
