RE: Silver Woods Subdivision
Speed Limit Reduction

Dear Mr. Brock:

I have previously written you on November 28, 1988 concerning the reduction of the speed limit in the referenced subdivision. I was contacted by you and requested to send signed petitions for you to present to the Orange County Commission. I am enclosing the petitions you requested. We would like the speed limit reduced to 20 mph. If this cannot be accomplished, then a reduction to 25 mph would be acceptable. This request is being made to help insure the safety of our children. Our main street Woodbreeze Boulevard, which is long and continuous from one entrance to the other, enables the vehicles to readily speed through the development.

We also would request that speed limit signs be posted in both entrances to the development. The Orange County Sheriff's office has informed us that this will be necessary in order to enforce the speed limit within the development. At the present time the only speed limit sign in the development is located on Honeynut Lane which is a no-outlet street. If these signs must be purchased, please let us know.

If you have any questions, please contact me through our answering service at 849-7811. Your assistance in this matter is greatly appreciated.

Sincerely,
Sheela L. Broughton
Vice President, Silver Woods
