SUBJ: **Construction of Speed Humps on Arbor Ridge Trail**

At the request of the residents on Arbor Ridge Trail, a speed hump survey was mailed to the property owners. This was to determine if the property owners supported the installation of speed humps on the street. If two-thirds of the returned ballots from the property owners were in favor of the speed humps, the County would install the speed humps.

The result of the survey was that 86% of the returned ballots from property owners supported the installation of speed humps. The current plan is to install three speed humps on Arbor Ridge Trail between North Dean Road and Galatian Place. The project is being funded by Commission District 5 and Public Works.

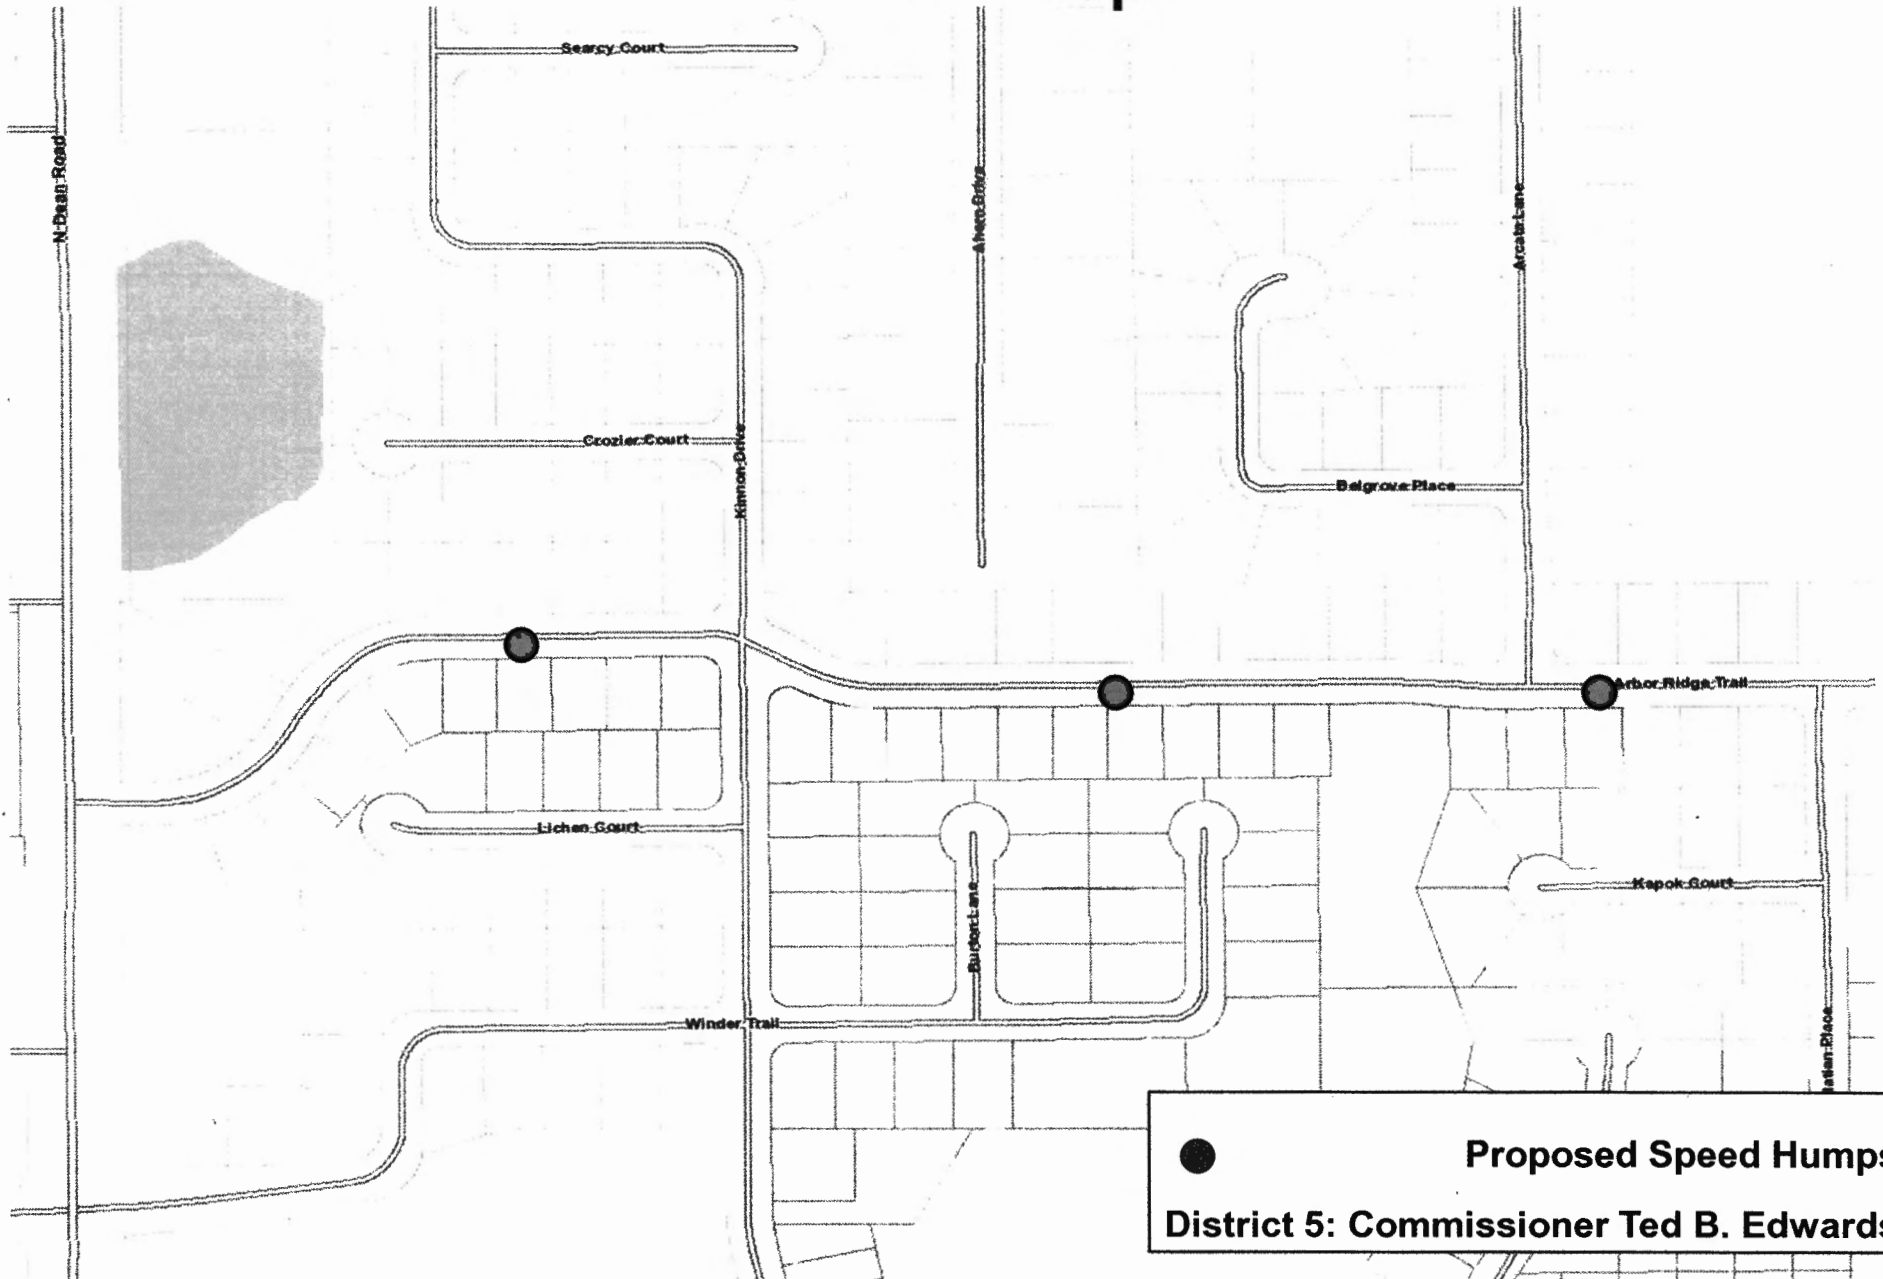

Action Requested: Approval to construct speed humps on Arbor Ridge Trail between North Dean Road and Galatian Place. District 5.
