REMARKS:

The Florida Courts Technology Commission (FCTC), established by the Chief Justice of the Florida Supreme Court in 2010, has certified and approved aiSmartBench as a Judicial Viewer for the Florida Trial Courts. The FCTC has the primary responsibility to develop technology policies and standards for the entire Judicial Branch. Currently, aiSmartBench, is the only FCTC certified and approved case management judicial viewer. The amount of the procurement is considered reasonable based on an analysis of comparable procurements within the State of Florida, and is consistent with previous costs for these licenses.
