SUBJECT: May 5, 2015 – Work Session Agenda Item
Daycare Vehicle Impact Protection Ordinance

On April 9, 2014, a car crashed into the KinderCare in east Orange County, tragically resulting in multiple injuries and the death of four-year old Lily Quintus. On February 10, 2015 the result of preliminary research compiled by the Crash Impediment Task Force was presented to the Board of County Commissioners.

As a follow up to the February 10, 2015 Board presentation, on May 5, 2015, an Orange County multidiscipline group will present a draft ordinance designed to address the protection of Daycares from motor vehicles accidents. The draft ordinance would establish requirements and standards pertaining to vehicle impact protective measures for daycare centers within unincorporated Orange County.

The presentation will also include a discussion on a grant program to assist existing daycare centers complying with any new code requirements.

Action Requested: Board direction regarding the Daycare Vehicle Impact Protection Ordinance.

c: Ajit Lalchandani, County Administrator
